Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Guinea, a country of approximately 12 million, has endured more than 50 years of authoritarian rule and severe economic mismanagement prior to the transition to a democratically elected government in 2010. Since then, and despite very real challenges in cementing democratic gains until the 2013 legislative elections were held, the country has been on a more stable, sustainable, and economically viable path. Despite a history of rampant corruption and fiscal misrule, the long-term economic prognosis for Guinea is better today than it was ten, twenty or thirty years ago. Guinea is home to nearly one-half of the world's bauxite supply, the world's largest untapped deposit of high-grade iron and promising possibilities of oil reserves. In addition, Guinea enjoys ample fertile soil and hyper-abundant rainfall sufficient, if harnessed, to provide hydroelectric power throughout the West African region. Macroeconomic management in the years after the 2010 democratic transition have been solid, and is poised to improve further with a HIPC-derived fiscal space to expand investment in infrastructure, health and education - \$2.1 billion in external debt was forgiven...
