Brand New Book ***** Print on Demand *****.Excerpt from Second Annual Report of the Commissioner of Animal Industry, 1913: For the Year Ending November 30, 1913 In accordance with the provisions of section 4, chapter 608, Acts of 1912, which act is entitled, An Act to abolish the Cattle Bureau of the State Board of Agriculture, and to create a Department of Animal Industry, I have the honor to present to the General Court the second annual report of the work accomplished by this department for the fiscal year ending Nov. 30, 1913. The Department of Animal Industry is eighteen months old. During the first third of its existence, while it was being adjusted to the new conditions and enlarged responsibilities, its work was to a considerable degree tentative and experimental. But the period covered by this report marks a full year of systematized activity under rules suggested by experience and tested in the crucible of practice. It has been a year of distinct achievement and of progress, and I am very proud of what has been and is being accomplished. I recognize and desire to acknowledge the hearty co-operation of both office and field staffs, whose faithful service has contributed materially to the results attained. With their cooperation the department, as was anticipated, has demonstrated that it is a protector not only of the cattle interests of the State, but of the health of its residents as well. The employees are winning the confidence of the live-stock owners of the State, - a condition that leads to a better control of contagious diseases among animals, and of the sanitary improvements of buildings in which they are housed.
