This children s book #10 is part of a series of twelve children s books that have been produced to communicate messages of direction, hope, safety and character building. These books feature a variety of candid photographs of wildlife animals, birds, and insects in different natural settings. These photos were photo- captured by International Nature Photographer, Mr. Youli Xia, a native of Beijing, China. Each photograph highlights a distinctive expression. Using the imagination, the expressions conveyed in the photos will set the stage for long talks with the animals, birds, and insects. This book series interactively shares twelve short, simple, easy-to-read, and easy-to-understand stories. These stories are designed to capture the interest and attention of young children from the ages of 4-9. They will be fascinated by the vibrant colors and the dramatic candid facial or body expressions of the subjects in the photographs. The intended educational value for this book series and the other future books is to offer effective tools for character building. These stories are sure to include the mention and discussion of core values like respect, responsibility, self-esteem, compassion, making good choices, health and wellness, love, manners, friendships/relationships patience, accountability, leadership, trustworthiness, thoughtfulness and safety, to name a few. This book series will serve as a responder to help fill a void that currently exists and is widening in our present..
