Brand New Book ***** Print on Demand *****.Excerpt from Natural Salvation: The Message of Science, Outlining the First Principles of Immortal Life on the Earth It is a part of the unwritten code of science that the investigation shall avoid a priori conclusions, look coldly upon theory, and be wary of hypothesis. In a word, that he shall devote himself patiently to the acquisition of data, be content to collect facts, and live abstinent of the ever-present human weakness to play the role of prophet. Nothing, indeed, so surely distinguishes the man of science from the charlatan as his attitude toward theory and his caution in presenting conclusions. A single page, often a single paragraph, of the article, or the book of a writer on scientific subjects, enables us to judge all too accurately of the value, or lack of value, of his entire effort; and, generally speaking, the verdict turns on the care with which he draws conclusions from data. Science has endured so much of premature vaticination that its best friends and exponents have come to regard all that sort of thing...
