McFarland Publishing. Book Condition: BRAND NEW. BRAND NEW Full-Sized Laminated Softcover - 240pp - 33 photos, appendices, notes, bibliography, index - Of the many attempts to discover Jack the Rippers identity, few omit the name of James Kenneth Stephen, tutor to Queen Victorias eldest grandson, fondly known as Prince Eddy. While Stephen superficially fit the profile investigators established, was he really capable of the demented violence perpetrated by Englands most famous serial killer? This volume takes an in-depth look at the life and experiences of James Kenneth Stephen, examining the relevant evidence and attempting to determine whether or not Stephen could actually have been involved in the Ripper murders. Delving into what little is known of Stephens early years, the work discusses his relationship with his mother and his familys struggle with a hereditary mental illness. It follows him through his formative years at Eton, which he considered his true home and where he was introduced to the Greek notion of homosexuality. The works primary focus is Stephens relationship with Prince Eddy, who also became a suspect in the infamous London murders. The way in which Stephens life intertwined with those of Prince Eddy and Montague Druitt, another Ripper suspect, is examined in detail. Other incidents of the fateful fall of 1888 and Stephens final surrender to mental illness are also discussed. Appendices contain Stephens poetry and details regarding his family ancestry. A Brand New Quality Book from a Full-Time Bookshop in business since 1992!.
